

To Whom It May Concern:

I believe I have the skills that you are seeking and would like to be considered for your position.

I have extensive layout and design experience and enjoy working on precise, detailed projects. In addition, I possess over 8 years of experience in design; with three of those years working at an Emmy award winning NBC affiliated television news station as the Senior Graphic Designer. I also have received a nomination, for a South Carolina Broadcasters Association Star Award. I am highly organized and adept at meeting tight deadlines, and love a good challenge. I am a great team worker and enjoy brainstorming with others to come up with new and exciting ideas and concepts. I am interested in the possibility of being more involved in advertising work in the future. I truly have a passion and understanding for design and concept work and love to watch it evolve from idea to completion. I have no problem with relocating myself for the position.
